Confirmation of cohabitation

The undersigned hereby confirm that they form an exclusive cohabiting partnership of two.
The undersigned also confirm that they have taken note of the CIEPP's pension regulations.
The parties undertake to immediately inform the Fund in writing if the cohabiting partnership ends.

Confirmation by the insured person

The insured person hereby confirms:

- that no family relationship exists with their partner within the meaning of article 95 of the CCS.
- that the two partners are not linked (either themselves or through another person) by marriage or by a registered partnership (as per the LPart), nor by an assimilated partnership pursuant to article 20a LPP and the applicable regulatory provisions.
- that they form an uninterrupted cohabiting partnership with their partner for at least 5 years* as of the date of signing this form **or** that they have one or more dependent children.
- that his/her partner does not receive a pension (or any benefit in capital in place of pension) from the 1st and/or 2nd Swiss pillar (or equivalent foreign benefits), as the spouse or partner (as per the LPart or article 20a LPP and the applicable regulatory provisions) due to a previous marriage or partnership (as per the LPart or article 20a LPP and the applicable regulatory provisions).

* In the event that the cohabiting partnership has existed for less than 5 years, an early declaration is nevertheless possible in application of article 44 paragraph 3 *in fine* of the regulations.

Observations:

Beneficiary clause

The insured person acknowledges the fact that, in the event of death, and if the assimilated partner's status is recognised within the meaning of the CIEPP pension regulations, the latter becomes the beneficiary in accordance with the general regulatory order.

Cohabiting partnership establishing entitlements for the partners

This declaration does not automatically entitle the assimilated partner to receive benefits.

Furthermore, entitlements to partner benefits can only arise if all regulatory conditions (article 44, paragraph 2 in particular) relating to them are met **both at the time of declaration and at the time of death** of the insured person.

As such, the declaration must reach the CIEPP while the insured person is still living, and a claim for benefits must be submitted **by the surviving partner within six months of their death**.

Entitlements to benefits relating to the cohabiting partnership and the conditions which must be met will **only be examined** after the death of the insured person. In this context, the Fund may refuse to grant the benefits stipulated in the pension regulations if it cannot obtain any information or documents that may be requested.
